Dear John,

I just wanted to give you an update regarding PO 000271569.

Unfortunately it is not good news about the Foetal Heart Simulator. Our Commercial Director is having great difficulty in sourcing the components required for the production of the V1000. At this moment in time we are unsure as to when production will resume. We will keep your order on our system and let you know as soon as anything changes.

We apologise for the inconvenience that this causes.

Kind regards

Sarah Walton

Dear Jonathan,

Thank you for your purchase order, 000271569.

Please be advised that production of the V1000 has stopped for the time being, there are shortages of two components and the lead time is approximately 10 weeks.

Kind regards
