Ryan, good morning,
I would like 4 off SFM3300AW flow sensors, but there seems no option to differentiate the types on the webshop.
Can you send me an invoice and I'll transfer payment forthwith.
Also a few questions:

1. Do you have the scale factory for 37% oxygen in nitrogen, would 850ppm carbon dioxide in that mix change the scale factor?
2. Do you have any standard interface electronics boards? Ideally an analogue output for the 0-250 lpm?

Thank you very much & best regards,
Stuart.

Thank you Stuart

I am glad to hear, but let me know if you have queries.

Best regards

Ryan

Ryan, good afternoon,
The parts arrived and will do the job just fine.
Many thanks for your help.
Very best regards,
Stuart Clough.
