JJ-CCR warranty replacements query

Issue ID #252678

Date Created 01/Mar/2022

Issued To: Sarah Walton

Completed Status: Still Outstanding

Notes:

Added by Steve Nixon sent to Sarah Walton

Looks like 10 sensors have been added FOC as part of the next order for 600, but I thought that Jan wanted extra sensors, so.

600 as the order

10 as a separate order for the 10 warranty replacements.

Please update the orders.

So, I'll order 10 extra from production.
