Hi Tracy

Thank you.

The sensor in your picture is one that is produced by Teledyne but they only supply it to ATOM. I am pleased to inform you that we have a compatible sensor that we had designed specifically for use in the Atom incubators:

R-22VA - 0110039 = USD \$40 each EXW

Unfortunately all of our R-22VA stock is currently allocated to another order, but we are expecting to have more stock available in 2 weeks time.

Should we ship the R-17MED straight away or would you prefer to wait and add some R-22VA to your order?

I look forward to your reply.

Best regards
Ryan

Hi Tracy

Thank you very much.

The R-17MED have a manufacture date of November 2021.

Just to confirm, should we arrange to ship 200x R-17MED?

Best regards

Ryan

Hi Tracy

I hope you received all the parts okay. Would it be possible to give us an approximate delivery date?

On a separate note, how are you doing for R-17MED stock?
We are currently holding some stock for you, so we can ship against your current order as soon as you need them.

I look forward to hearing from you.

Best regards
Ryan
