Hi Alex,

Thank you for your reply - I have sent this information to our UPS account manager in the hope that she can help - but in the meantime I have been unable to find a price for shipping to this particular address. Do you perhaps have an alternative shipping address, so I can send you a Proforma Invoice with the shipping costs included?

Kind regards

Sophie Lines

Hi Alex,

Thank you for your order - please can I double check the delivery address you have given, in particular the post code? Our UPS system cannot find a delivery cost to Telavi 2200 - only 2201?

I look forward to hearing from you.

Dear Alex,

Bank charges are the charges we incur when we receive money from you. These can be quite large and it is company policy to pass these on to the customer.

If you can guarantee that you will pay All Charges when making a payment we can waive these and if your payment doesn't cost us anything, we can release your order.

If we are charged to receive your money then these will be passed on to you.

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal

Dear Sir or Madam

Please accept my reply to your enquiry to Teledyne for R-22A sensors, as we are responsible for the sales and service outside of the USA.

We would be happy to supply you from our UK based warehouse. Please find our distributor pricing below:

|               |                |                |                |                 |

|---------------|----------------|----------------|----------------|-----------------|

Prices in USD, EXW

We can also offer a new variant of the R-22A; the R-22AV has a tighter specification which allows it to be used on a wider variety of equipment, the pricing would be the same and stock is available.

Please do not hesitate to contact me if you have any questions or please provide us with your complete company details if you would like to proceed with an order.

I look forward to your reply.
