

CERATHERM 600-2

Infant Care
Products

Radiant Warmer for maintaining the body temperature of infants, young children and adults.

Swiss Made

Ceratherm 600-2 radiators provide the ideal solution to the requirements of daily practice with regard both to optimal safety for patients and staff and to simple operation as well as the highest quality with long serviceable life.

Advantages of the CERATHERM 600-2 radiant warmer:

- ✓ Computer-controlled regulation of heating and alarm monitoring
- ✓ Programmable, 4-step heat radiation from 0 to 100% capacity
- ✓ Ceramic 600-watt heating element with fast warm-up and high degree of efficiency
- ✓ Halogen lamps for dazzle-free illumination of the working area
- ✓ Light chassis construction with aesthetic plastic housing and mirror reflectors

CERATHERM 600-2 for natural and pleasant warming.

VIAMED

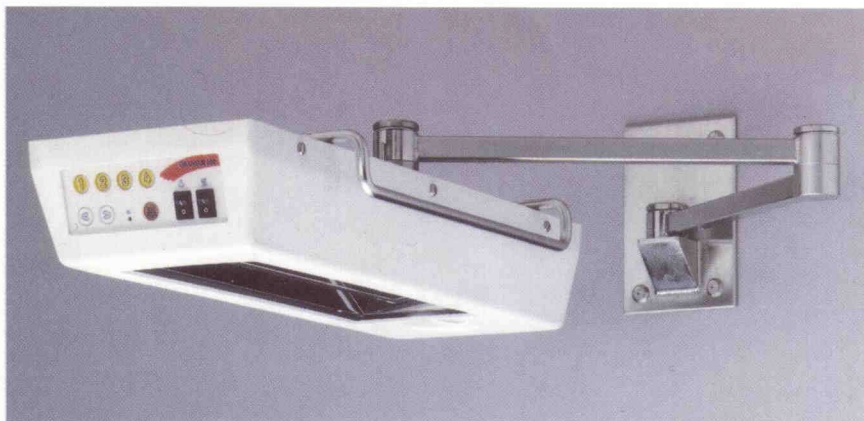

Radiant Heater CERATHERM 600-2

Ceratherm 600-2 radiators provide the ideal solution to the requirements of daily practice with regard both to optimal safety for patients and staff and to simple operation as well as the highest quality with long serviceable life.

Controlled radiator performance for optimal warming and maximum patient safety.

The novel, inbuilt ceramic heating element possesses optimal radiation properties and produces invisible infra-red radiation in the range around 3 μ /M. This "soft" heat radiation is absorbed very well by the patient's skin and produces a warming effect which is pleasant for the nursing staff but which only slightly affects the surroundings.

The computer-controlled heating allows programmable radiation intensity in all 4 steps.

The operating controls are arranged in easily scanned form and ensure extremely simple handling.

The heat radiation can be adjusted in 4 steps from 0 to 99%, and the output in each step can be programmed separately.

Standard values: 25/50/75/99%.

A monitoring alarm is triggered every 15 minutes. If this is not answered within 8 seconds, the heating automatically switches to the lowest step 1.

A dazzle-free halogen lamp with separate switch ensures natural illumination of the area being cared for.

CERATHERM 600-2 with mobile stand, adjustable and swivel head.

Order information:

52160020	Ceratherm 600-2
52160022	Ceratherm 600-2 with double-jointed arm
52160023	Ceratherm 600-2 with wall mounting
52160030SM	Ceratherm 600-2 with mobile stand

The radiator cases are in various RAL colours
Colours available: Standard colour - white RAL 9010

Technical data:

Radiator:	220/240 V, AC, 50 Hz
Power rating:	630 watts
Heating:	Ceramic, 600 watts
Lighting:	20-watt halogen lamp
Radiator performance:	4 steps, 0-99%
Alarm	15 minutes, re-settable
Certified according to:	IEC 601-2 TÜV / CE
Heating element guarantee:	5 years

Dimensions:

Radiator:	H 9 / L 55 / W 21 cm
Weight:	4.9 kg
Mobile stand:	H 170 / L 64 / W 58 cm
Weight:	41 kg
Height adjustment:	20 cm
Tilt range:	45°
