a) requirements specified by the customer, including the requirements for delivery and postdelivery activities;  
b) requirements not stated by the customer, but necessary for the specified or intended use, when known;  
c) requirements specified by the organization;  
d) statutory and regulatory requirements applicable to the products and services;  
e) contract or order requirements differing from those previously expressed.  
The organization shall ensure that contract or order requirements differing from those previously defined are resolved.  
The customers requirements shall be confirmed by the organization before acceptance, when the customer does not provide a documented statement of their requirements.  
NOTE In some situations, such as internet sales, a formal review is impractical for each order. Instead, the review can cover relevant product information, such as catalogues.
