Hello Ryan,

We would like to order the R-33D1 sensor.
Please send the instructions.

Dear Jurgen

I believe the sensor in the picture is the same as our R-33S1. However, I can not confirm the polarity of the connector, so if you get a minus (-) symbol on the display, then you will need to switch the wires in the connector, this is very easy to do, you just need a stanley knife or needle. I can send instructions if required.

Best regards
Ryan

Hello Ryan,

Attached are some pictures of an O2 cell.
Can we order these from you?
