Dear Cpt. Markos

No problem, I will have a proforma invoice drawn up with the total costs and bank details. Please can you provide me with your company invoice address and delivery address if it is different? Also we will need a telephone number and should we use your email address as an accounts contact or do you have an alternative one you would prefer to use?

If you have a company VAT or EORI number this would also help with importation?

I look forward to your reply.
Best regards
Ryan
