Hi Jan

We have gained a few days, so we can ship your 600 sensors tomorrow.

Which UPS service do you want us to use:

UPS Standard  
UPS Express Saver  
UPS Express

Hi Jan

Good news about the army order, but unfortunately the sensor order is being produced as one batch and we cannot deliver 100 sensors so quickly.

Will this army order cause a problem with the next orders not being sufficient to cover your usual customer orders?

Regards

Steve

Hi Steve,

It is crazy times at the moment I just got a quite big order for rebreathers to a army devision but off course they need the units NOW.

Therefor is it possible that you can send me 100 sensors from the next order it would be ok that they are stamped 2022 - 03

Kind regards
