Dear Ryan,

Thanks for the reply.
We like to order
2x TEK-OX product code 7910100
4x Oxygen sensor R-33DE S/N. product code 0110224

Please let us know how things go with delivery. We need it before the end of the month.

Best regards
Maureen Manders

Dear Maureen

Thank you very much for your email.

It has been a while since we have heard from you, I hope you're keeping well and busy in these crazy times.

The R-33DE O2 sensors are available from stock and the trade price is GBP £35 each EXW

We do not supply the Analox O2 EII, as they are competitors of ours, but we offer our own range of analysers. Both our TEK-OX and VN202 have a 5 year warranty (excluding sensors, batteries and cables).

Please find some information attached relating to our products and I look forward to hearing from you. Please never hesitate to contact myself or my colleagues if you have any questions or concerns.

Best regards
Ryan

Dear Sir,

We are looking for the Analox O2Ell, portable Nitrox Checker. Can we order this with you? And if so what is the price?

We are also looking for the spare sensors. We ordered before with product code 0110224 Oxygen sensor R-33DE S/N. Can you tell us the price?

Can you also tell us the terms of delivering?

Hope to hear from you soon

Best regards
Maureen Manders
