

## **Company Policy Statement & Objectives**

Viamed Limited is totally committed to achieving the highest levels of Quality in all the products we supply and the services we provide. Therefore if we are to succeed, all our employees must share this objective too.

Our Customers judge us by our products and services, therefore we must be totally committed in our outlook with regards to Quality.

One of our Business objectives is to continually meet the requirements of the various international systems and standards to which we have been assessed and approved. Conformance to the processes and systems recorded in the Company Quality Manual is mandatory, and will enable us to continually meet this objective.

In addition to strict adherence to these processes we need to continually develop and maintain the right attitude towards high Quality achievement throughout the Company.

Only in this way will we reach our quality Policy of complete Customer Satisfaction.

J. S. Lamb  
Managing Director
