Dear Rayn,

Thanks for the explanation. We would still like to proceed with the 0310301 model. Please can you send me a proforma for a demo unit with discounted price. This is just for texting. Thank you.

Best Regards

PERFECT SOLUTION FOR PATIENT WARMING

Dear Sadri

I am happy to quote you for the 0310301 model, but I can not recommend that this is fitted to anything other than a wall, as there is a risk that it could tip over. I don't think an IV stand would be strong enough to support it.

It may be better to have the stand alone device next to your trolley:

Please let me know if you would still like to proceed with the 0310301 model or if you would prefer the 0310304?

Best regards

Ryan

Dear Ryan,

Thank you for the information.

We actually want your warmer to put on a pole of the attached baby trolley.

Do you have a suggestion on this or we shall order just 0310301 model?
