Hello Richard,

Thank you for your email.

The prices are as follows:

MAXO2+AE (part number 0111261) = £325.00 each + £10.00 carriage.

R217P23 (our part number 0121302) comes included with the MAXO2+AE).

R206P75 (our part number 0121182) = £42.00 each + £6.00 carriage.

Unfortunately, p/n 0120110 Perfusion adapter (R103P90) is no longer available as it no longer carries a valid CE mark.

We do have an alternative solution to the problem of connecting a 22mm T-adapter into 6mm I.D. oxygen tubing it's not elegant as it uses 3 adapters connected to the T-piece instead of 2 but it will work. You may well have a better solution to hand in your existing set-up.

The solution is to use 2 x 22mm OD to 6mm adapters (p/n 0120127 below left) and a 22mm I.D to 22mm I.D. connector (p/n 0120125 below right) to allow connection to the T-piece.

I hope that you can visualise this as I don't have a picture of the arrangement but the end result is:

- 22mm O.D. to 6mm adapter > T-adapter > 22mm I.D to 22mm I.D. connector > 22mm O.D. to 6mm adapter

The parts are available as follows and we have both in stock:

- 0120127 - 22mm O.D. to 6mm adapter @ £1.60+VAT (2 required per set-up)
- 0120125 - 22mm I.D to 22mm I.D. connector @ £1.25+VAT (1 required per set-up)

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal

Dear Zoey

Thank you for your reply. If you can modify the quote to include the T-adapter and the necessary adapters it will be easier to have all the necessary components supplied together.

Hello Scott,

Thank you for your reply.

Do you require an official quotation rather than just listing the prices like we have?

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal
