Hi

Please can we make the changes to the Sielmed proforma invoice and send them a copy.

Beside regarding our current order for 15x R-47V we would like to add another item : 03x R17MED. In the attached PI you may find R17MED but it is a wrong ref which Mrs Sarah wrote instead of the correct one R17VI according to our need because it was not registered yet.

So we now really need the R-47V ( 15 units) and R17MED ( 03 units) and we cancel R17VI till we register it.

Pls revise the attached PI and send us to confirm and to prepare the prepayment.

I have answered the other questions.

Thank you, Ryan

Dera Ryan

Thanks for the letter and for your feedback.

One question : what is the lifetime of the sensor ?

You suggested us to prepare our own label which we are unfortunately not allowed to do. We cannot change the original manufacturer label or add anything on it.
