Good morning,

Thank you for your reply.

There is a lead time of approximately 2-3 weeks for the R-24MED sensor but as an alternative we can offer the R-49V which is a compatible sensor.

These are €36.00 each and are available from stock.

Please can you confirm how you would like to proceed?

If you have any further queries, please do not hesitate to contact me.

Kind regards

Zoey Teal

What are the differences between them?

I need these sensors as replacement for IMT BellaVista 1000

Are these R-49V compatible with Bella Vista 1000?
