Hi Matthew

We are happy to accept orders in anyway that suits you :-)

I guess email is sometimes clearer. If you let me know what you require I will put it into our system and then you can either pay by bank transfer or I can give you a call for your CC details.

Best regards

Ryan

Hi Matthew

Thank you very much. I have set up your details on our system as a trade client, so it is ready for anytime you wish to order.

I am pleased to confirm we do not impose any minimum order requirements, so if you only need 1x sensor, then no problem.

We would ask that orders are prepaid to start with, this can be done by bank transfer or by credit/debit card.

Please find some information and our trade pricing attached.

I look forward to your feedback and please let me know if you have any questions or concerns.

Kind regards

Ryan

Hi Matthew

Thank you very much for your email and your interest in our products.

Please can you send me your complete address details, the website link in your email address does not seem to work, not sure if the link is correct?

Are you reselling equipment or do you get analysers into your workshop for new sensors?

I look forward to hearing from you.

Best regards

Ryan
