

**Manufacturing Route.**

- Viamed places orders with “Phoenix Mecano”
- Viamed Purchases all parts from various suppliers as shown on the Suppliers list.
- “Pheonix Mecano” arranges delivery of goods when complete.
- Products of suitable quality are booked into stock.
- Final assembly of the item is done by Viamed
- All parts are QC checked and inspected before shipment.
- Unsuitable product will be rejected and returned / re-worked.
- Finished products are cleaned, and “Opera” is updated with stock allocation, before release.
