Hi Steve,

please use the correct value of the parts for the customs invoice, stating explicitly that it is "for customs value only".

Thanks a lot.

Kind regards,
Kerstin

Hi Kerstin

We will send them on our UPS account as it's quicker, FedEx would be another day delay. We will ship by Express Saver so you should have them for tomorrow.

The invoice value will be zero but what value for customs purposes do you suggest?

Please confirm that they will be replaced when you get your stocks.

Hi Steve,

please use either UPS or FedEx as usual. Unfortunately I cannot create any paperwork / references for this, please use your own if possible.

Thanks a lot for your support!
