

Products Susceptibility of leakage and liquid damage **Product**

Does product contain liquids	NO
Does product control liquids	NO
Is product surrounded or immersed in liquids	NO
Does product contain a battery	YES
Date	

The two risks are

1. Battery leakage. This depends on the quality of the battery and the user removing batteries when they are exhausted or if the equipment is left unused for a great length of time.
2. The product is immersed accidentally or deliberately in liquids
