Dear Siva

Thank you very much for your email and purchase order.

Please find a copy of your proforma invoice attached. You will see that I have separated the sensor and VN202 analyser. This is for traceability and customs purposes, but the total pricing remains the same.

Please can you check that I have added your address and company details correctly and let me know if you have any questions or if any amendments are required.

We will arrange dispatch as soon as your payment is received.

Best regards

Ryan
