Hi Ryan,

I am sending 2 x VN202's back with a client - he will post it to you from Guernsey. Both are broken. Could you see if they are repairable please?

To be shipped back to a UK address:

Care of Pat Voorma

[10 Robin Place](#)[Portishead BS207px](#)

UK

+44 7896 826584

Post Office Instructions - please leave at [12 Robin place](#) if nobody is home.

I also want the following to be sent with the repairs please:

- 2 x Part 0110217 - R-17VAN (VN202)
- 2 x Part 0110215 - R33S1 (Mixcheck)

Now for the cruncher... can you get it to the above address before 15 August? If yes, brilliant. If not then it all will have to be couriered back to South Africa.

I will ask the Guernsey guy to send it to you ASAP.

Warm regards,

Andre Shirley
