

pulse oximetry

# Aristo Comp<sub>2</sub>/Sat<sup>TM</sup> Sensors

D.O.T.<sup>TM</sup> Sensors

Now you have a choice with the **Aristo Comp<sub>2</sub>/Sat<sup>TM</sup>** a complete line of Compatible Pulse Oximeter Sensors from Viamed.

Disposable Sensors

Reusable Sensors

Comp<sub>2</sub>/Sat<sup>TM</sup> (Compatible Oxygen Saturation) SpO<sub>2</sub> Sensors are designed for use with most manufacturer's pulse oximeters.

Sensors are available in Single Patient Use, and Reusable styles for Adult, Paediatric, Infant and Neonatal applications.

Aristo's unique D.O.T.<sup>TM</sup> (Digital Oxygen Transducer) sensor can be easily and comfortably applied many times. D.O.T.'s unique design is both durable and easy to apply, saving time and labour - and significantly reducing costs.

 **VIAMED**

# Aristo Comp<sub>2</sub>/Sat™

## Compatibility

Aristo offers a complete line of oximetry sensors that is compatible with the following:

- |           |                |
|-----------|----------------|
| ■ Nellcor | ■ CSI          |
| ■ Datex   | ■ Nonin        |
| ■ Ohmeda  | ■ Nihon Kohden |
| ■ BCI     |                |

## Reusable Sensors

Aristo offers a wide range of reusable sensors, which are available at a substantial cost saving over other manufacturer's sensors.

The reusable range includes:

- |                  |                 |
|------------------|-----------------|
| ■ Finger sensor  | ■ Infant Wrap   |
| ■ Ear sensor     | ■ Neonatal Wrap |
| ■ Multi-site 'Y' |                 |

## Single Patient Sensors

Aristo's line of Single Patient Use sensors feature a patented 'C' shape design for easy and accurate positioning. Sensors attach to the patient with 3M Microfoam® tape, offering fit, form, and patient comfort.

This tape allows the sensor to be easily moved and quickly reapplied, allowing the patient's skin to respire.

The single patient range includes:

- |              |            |
|--------------|------------|
| ■ Adult      | ■ Infant   |
| ■ Paediatric | ■ Neonatal |

## D.O.T.™ Sensors

Aristo's patented D.O.T. sensor is uniquely designed for multiple applications.

D.O.T.'s durability and ease of use will result in substantial cost savings.

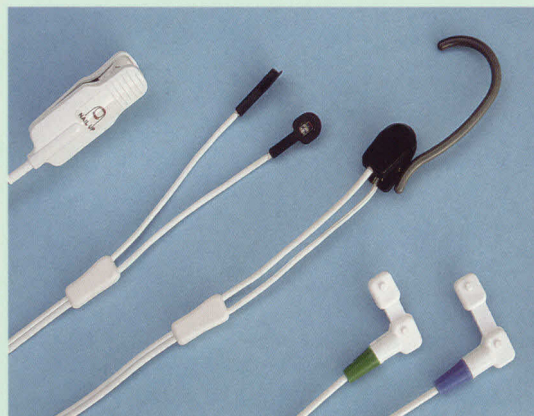

## Regulatory Approvals

Disposable 'C' shape Sensor, US 5,217,012 - Utility Patent.  
Non-invasive Oximeter probe.

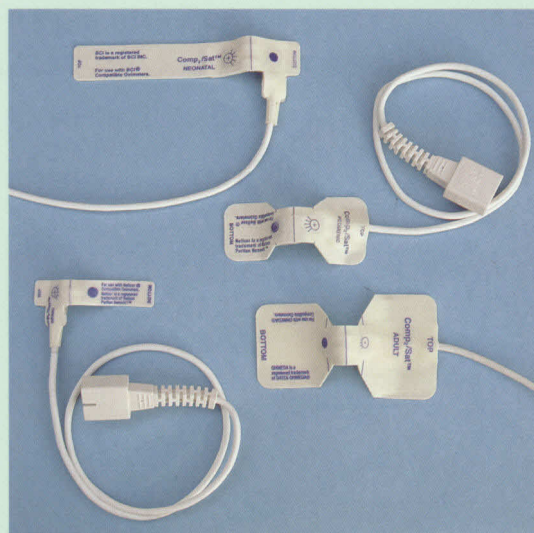

D.O.T. Sensor, US 5,368,025 - Utility Patent.  
Non-invasive Oximeter probe.
