Links and Information

ID	Click-able?	Function	Explanation function or Link destination
A0	No	Search Stock	Searches the Stock databases for other items of Stock
A1	Yes	View Issues	View any issues directly linked to stock item
A2	Yes	Add Issue	add issue screen, issue auto links to stock item
A3	Yes	Technical Files	Opens the Technical Files on the stock item
A4	Yes	Unique Customers	Unique Customers whom have purchased stock item
A5	Yes	None Customers	Customers whom never purchased stock item
A6	Yes	Lost Customers	Lost customers screen
A7	Yes	Web Page	Viamed web page for stock item
A8	Yes	Weights	Opens the 'Enter' weights and dimensions screen
A9	Yes	Distributors	Lists any exclusive / authorised distributors in country's
A10	Yes	Pictures	View / Add pictures of the stock item
A11	Yes	Returns/SRS	View returns information on stock item, shows all SRS's
A12	Yes	QA results	View all QA results
A13	Yes	Sales	View stock item sales – also allows adding forecast sales
A14	Yes	Labels	Links to print labels based on batches booked in
A15	Yes	Sales Forecasts	View any forecast sales
A16	Yes	Advanced Edit	Administration of stock reference
A17	Yes	Stock alerts	Add stock alerts to Item.
B1	Yes	Product Image	Opens a bigger picture of the image
C1	No	Opera Stock	Shows quantity in Opera as of last update
C2	No	Barcode for sale	Adds up all barcodes on Sell-able stock locations. Most up-to date / accurate value for available stock
C3	Yes	Barcodes used in production	Barcodes currently being used in production but not allocated from Opera – will open up to show barcode ID's /SN and production job number
C4	Yes	Barcodes currently back with supplier	
C5	Yes	All returns to supplier	Opens up to show complete listing of stock item returned to supplier, and shows result of supplier action,
C6	Yes	Returns from Supplier	Number items returned from supplier, but not processed into Viamed system,
C7	No	Total Barcodes	Total barcodes being tracked excluding invoiced out items
D1	No	Quantity on shelf	
D2	Yes	Shelf ID /	Opens to show id's and serial numbers of items on the shelf

		description	
D3	No	Sellable Stock	Indicates if the shelf contains sellable stock
D4	Yes	Print Labels	Opens label system to reprint all items on a shelf
D5	No	Alarms	Stock levels required per shelf
E1	Yes	Supplier Account	Opens list of ALL stock items on order from supplier, shows PO / Stock / Date / quantities and order confirmations
E2	Yes	Viamed PO	Opens to show all items on selected Purchase Order. shows PO / Stock / Date / quantities and order confirmations
E3	No	Shipping Dates	Estimated shipping information as provided by order confirmations
E4	Yes	Watch List	Add item to users personal item watch list.
E5	Yes	Total items on Order	Lists all purchase orders for the stock item.
E6	No	Suppliers Accounts	Lists all suppliers used to purchase stock item
E7	No	Suppliers Name	
E8	Yes	Supplier stock / sales report	Lists all items from the Supplier, showing current opera stock, total Barcodes, Purchase orders, Sales orders , Sales in previous Year, Sales todate, and Estimate sales for current year, all in one list.
E9	Yes	All Purchases from supplier	Lists all purchase orders to the supplier of all items from supplier.
F1	No	Customer orders	Lists all customer orders outstanding.
G1	Yes	Purchases	Shows Grid Years / Months Values in £ of all Purchases of Item
G2	Yes	Receipts	Shows 2 Grids, Years against months of items received, Allows quick comparison of Opera to Total barcodes, useful for finding/auditing Goods in has processed stock correctly
G3	Yes	Purchase Logs	Lists all purchase orders for the Item regardless of supplier
G4	Yes	Component Parts	Lists any parts which have been used as a component of the main stock item.
G5	Yes	Opera Movements	Lists raw opera information of stock movements
G6	Yes	Barcode Movements	Lists all internal barcode movements, can track shelf to shelf movements of stock
G7	Yes	Production Runs	Lists all previous production runs, showing Build Number, quantity Date build created / started and finished, showing time to build.
H1	Yes	End user warranty	Links to PDF of End User customer warranty statement for the stock item.
H2	Yes	Distributor warranty	Links to PDF of distributors warranty statement for the stock item.

H3	Yes	EAN Code	If items has been allocated a EAN Barcode, links to image of barcode
H4	Yes	PPQ	Links to PDF of PPQ Form
H5	Yes	Document Index	Searches document index for documents of types listed. Where the stock item has been specifically linked to a document
H6	Yes	Competitor Information	Any information on competitors similar products can be entered in here.
J1	No	Package Weights	Weight of product complete in box packed ready for shipping
J2	No	Item Weights	Weight of individual Item unpacked
K1	No / Yes	Related Products	Lists any products listed as related.
P1	No	Prices	Shows breakdown of pricing per customer type, per quantities ordered.

A4 Unique Customers

C Stock Levels

Section C,

Opera Stock

Relays information from Opera up-to the LAST UPDATE. Stock number includes all items / demo stock / sale or return stock / returned to supplier stock. Can only be used as a guide to our available stock.

Barcodes Sellable

Calculates each barcode cross referenced to the shelf the stock is located and is the shelf is sellable stock or not.

This is the most up to date and accurate quantity to determine if stock is available to sell / ship.

Picked as component in Production

Shows quantity of stock items that are currently being used in a production job, which have not yet been synchronised with opera.

Back With Supplier

Shows quantity of stock items returned to the supplier

Returned from Supplier Unprocessed

Show quantity of stock items we have received back from the supplier but have been undecided if they are to be returned to Stock / Customer or moved to Demo Stock.

Barcodes Total

Shows total number barcodes that are being tracked that have not been sent out on an Invoice.
