Good Morning

Ryan- I understand- can you please send the 30 pieces urgently?

And the 20 in backorder?

Mit freundlichen Grüßen / With kind Regards

Hi Andrea

I am sorry I have not got back to you sooner.

The price is the same, but I am waiting for delivery schedules from a component manufacturer before I can commit to supplying 50 pieces straight away, we can definitely put 30 together for you.

Best regards

Ryan

Good Morning Ryan

This will be great, thank you very much, so please send me an offer for 50 pieces if possible.

And the estimated delivery time will be appreciated as well. We are running out today by this sensor so it will be needed very soon.

Thank you very much

Hi Andrea

We are going to have to increase the price soon, but we can accept the current pricing of GBP £29.75 each EXW, for the time being.

Please let me know if you are happy to proceed?

Hi Andrea

I am very well, thank you. I hope you are too.

Thank you very much for your order.

I apologise that the bags were not closed on your previous order, I will speak with my colleagues and we will make sure that they checked before dispatch.

Your sensors have gone in to production, please find your proforma invoice attached.

Best regards

Hi Andrea

The sensors have a date code at the end of the serial number, it appears as a letter and a number:

A2 = January 2012

F5 = June 2015

Please note that the date code relates to the manufacturing date of the sensor component and this does not have any bearing on your warranty. The warranty is 12 months from date of invoice.

Best regards

Ryan

Dear Dirk

It was nice to speak to you today.

Further to our conversation, please find a proforma invoice attached. Please note that the pricing is in GBP and I have applied the discount as promised. I have quoted for UPS on our account, but please let me know if you would prefer to make your own transport arrangements.

We would ask that your first couple of orders are prepaid, but we can look towards a credit account thereafter. With regards to stock, we may have to split the first order, depending on when you require them, in order maintain our current obligations. However, if you have regular requirements then we can make sure in the future that we have stock available and ready for immediate shipping.

I look forward to your response and please let me know if you have any questions.

Best regards

Ryan

To whom it may concern

We like to introduce ourselves as a well known company which is working in the Nitrox Diving scene for more than a decade worldwide.

As well in reselling nitrox equipment and sensors. So we would like to ask you to do business with you and reselling the sensor R33DE.

Do you have a pricelist or would you please make us an offer about 50 piece from this sensor R33DE.

We prefer to order 50 pieces at each time, because we are able to sell 400-500 pieces per each year.

If you have any questions or require something do not hesitate to contact me again.

Hoping to hearing from you soon.

Kind Regards
