If you could send 2 domes, that will be fine.

Can you send along one of the complete diverter so I can have a spare on hand. I saw the part number in the price list, but don't have the file to hand.

Go ahead and send the 10 analyzers when they are ready.

Best Regards,

Kevin

Thank you Kevin

We do not have the individual domes set up as a saleable part, they are only supplied as part of the Quick-Ox. I can send you 1 or 2 samples to play with if you wish while we look into adding them as a saleable part?

I will await your reply.

Best regards
Ryan

While we wait on the question of the beefed up end-piece for the deflector, can I get 10 of just that rounded deflector-end-piece as is.

Along with the end-pieces, can you send:

- 10 of 7910201 TEK-OX Oxygen Analyser (inc. Sensor/Quick-Ox/Dry Box) - Auto switch-off £107.75

Use Mastercard ends 3363

Ship to:

Cross Country Scuba dba Halo Scuba
1915 30 Avenue NE, unit 4
Calgary, AB, T2E 6Z5
Canada

Hi Kevin

There is definitely a way, it is not the neatest option, but please see the picture attached and let me know what you think.

Best regards

Ryan

Ryan,

I've been asked if there is a way to connect the Tek-Ox flow diverter to a BCD LP inflator hose?

Best Regards,

Kevin Kidd
