When the PDF opens, click the 'Download' button.

When the save dialog box opens, navigate to drive U, select the current year, then select the current month. Save the file name as 'RMA Request - *supplier name* - Box*** - date backwards yymmdd'. E.g. 'RMA Request – TAI – Box570 – 171220'. Then click the 'Save' button.

Return to the PDF and click the 'Print' button.

When the print dialog opens, check that the printer name matches the printer you require, if not, click the change button and select the required printer, then click the 'Print' button.

Place the printed copy in the ducket with the goods then place the ducket on the RMA shelf located in the Goods In corridor.

The supplier then needs to be emailed to request the RMA number. Log into GMail as per VM3COP20.73 and compose a new message. In the email, request an RMA number and attach the PDF that you have saved in U drive.

When the reply from the supplier is received, the RMA numbers needs to be added to IntraStats.

Navigate to the 'Returns' tab and select, 'Supplier Returns Pending Shipment'.

If the supplier has given you one RMA number for the entire shipment, click 'Got RMA' on the correct RMA line.

Save a copy to U drive as per page 6 and fill out a FedEx AWB, using VM3COP29.03 for reference.

Reply to the email from TAI with a copy of the saved shipping invoice and a scanned copy of the FedEx AWB. DO NOT ship the RMA until confirmation is received from TAI.

When confirmation has been received, proceed to pack and ship the package using sensor felt, the FedEx AWB that has been approved and two copies of the shipping invoice as per page 9.

Return to the RMA screen and click the 'Ship Items' button on the correct line.
