## **University of Bradford and Viamed Limited**

As you may be aware, the final report for each Knowledge Transfer Partnership is reviewed and graded by a panel of independent Assessors. The range of possible grades is 'outstanding', 'very good', 'good', 'satisfactory' and 'unsatisfactory'.

I am pleased to inform you that your Partnership has been graded 'very good'. I would like to congratulate all those involved in the Partnership in achieving this outcome and to thank you and your colleagues for your contribution to this success.

You may also like to be aware that the Project will be added to the short list from which KTP Case studies will be developed. We aim to maintain around 250 case studies covering the range of subject areas covered by Knowledge Transfer Partnerships.

Yours sincerely
