added function to auto select opera payment if all numbers match up,

currently it replaces the pull down with a button which is then clicked,
once happy all doing as it should I should be able to auto match the list from top to bottom , leaving only the payment
that have not yet been entered and or the mistakes / odditys

bug fix, it was pulling the nominal data from the daily backup of opera rather than the live opera.

strange bug. was never noticed before in years.

but since helen tried to do everything on the same day it showed itself.
