**Status - DISCONTINUED**

## **Viamed Finger Oximeters**

### **Status review January 2019**

Initiate discontinue process as of 3<sup>rd</sup> February 2019. SN will generate notice to supply to customers

Intrastats and Opera will be updated, all versions to be discontinued once stocks have been depleted.

0012101 VM-2101

0012102 VM-2101 (with extended warranty, requested by RS)

0012103 VM-2103

0012105 VM-2105 Grey

0012106 VM-2105 Orange

At the last meeting at Bluepoint offices, we did discuss the possibility of ordering a last order batch. This is not feasible as we cannot process as 'manufactured' by Viamed and it is not feasible to ask Bluepoint to label as 'manufactured' by Bluepoint. In addition Bluepoint have discontinued their variants.

We do have circa 100 VM-2103 in stock but they have faded displays. Justec can rework them for USD 15.50 each. If we do this there is a risk that they could be queried by the auditors and we have to ask: can they be sold?

	Stock	Total sales	Sales 2018
0012101	229	7,408	421
0012102	0	1,357	0
0012103	102	142	1
0012105	16	1,280	62
0012106	37	333	12
	Total sales	10,520
