SUBJECT: Discontinuance of Reusable Temperature Probes 21076A, 21075A, 21078A

Dear Valued Customer,

This letter serves as notification that we will be discontinuing sales of the reusable temperature probes listed below due to IEC 60601-1-2:2014 4th edition general requirements for basic safety and essential performance Collateral Standard Electromagnetic disturbances (requirements and tests) effective January 1, 2019 within the European Union, Australia, New Zealand and their territories.

It is our desire to provide you with timely information so you can check your inventory and potentially build up some extra stock.

These products do not have any shelf life to consider.

Legacy part #	12NC part #	Product Description	Photo	End of Sale
21076A	989803100891	<i>Esophageal/Rectal Temperature Probe 10 Fr</i>		<i>Dec 30,2018</i>
21075A	989803100881	<i>Esophageal/Rectal Temperature Probe 12Fr</i>		<i>Dec 30,2018</i>
21078A	989893100901	<i>Skin Temperature Probe</i>		<i>Dec 30, 2018</i>

Philips is working on replacement products that will be available late in 1st quarter 2019 and will be orderable with a new product number.

You may want to place your orders asap and ask for a scheduled delivery end of December.

We will inform you as soon the 4th edition compliant product family will be available and apologize already upfront for any inconvenience this may cause you.

Sincerely

Monika Schlenkrich
Senior Product Manager
