July 2019

Dear Sir or Madam,

**Notice of Product Discontinuation – LIMITED STOCK AVAILABLE**

**Teledyne R-36MED Oxygen Sensor**

It is with regret that as of the 30<sup>th</sup> July 2019 we will be unable to place any further purchase orders with Teledyne for the above product, which they have been manufacturing since 2007. Therefore the product will then be available whilst stocks last.

Although the R-36MED will no longer be available once stocks are depleted we will continue to be able to supply a Viamed compatible, R-49V.

On behalf of Viamed and Teledyne we would like to thank our customers for their valued custom over the years. Should you wish to purchase the R-36MED before the stock is depleted or wish to try our alternative sensor R-49V, then please find price list enclosed.

Should you have any queries or require further information, please do not hesitate to contact me.

Yours sincerely

Steve Nixon  
Director
