August 2019

Dear Sir or Madam,

## The **400-AC** Autoclavable Temperature Probe Range from Viamed

**Philips Medical**  
**Hewlett Packard**

The **400-AC** complete series of **autoclavable** temperature probes for the accurate measurement of body surface and core temperatures in neonates, paediatrics and adults, are available from Viamed.

**400-AC** temperature probes are compatible for use with most leading temperature monitoring manufacturers, including **Philips Intellivue series monitors**. Benefits include:

- **A wide choice**  
Adult, Paediatric and Neonatal sizes available
- **Minimal risk of cross-infection**  
Autoclavable at 134°C
- **Minimal risk of allergic reaction**  
Latex-free and biocompatible
- **Accurate placement of the sensor**  
Extremely robust, yet flexible
- **Compliant with the international standard:**  
EC 60601-1-2:2014 4<sup>th</sup> edition

## FREE DELIVERY
