## RP13P13 Discontinuation

Dear Valued Customer,

This letter is to inform you of a discontinuation to a product you've previously purchased from Maxtec. All future orders of power supply R230P10 will now come with RP13P13 (*pictured below*) **included**. Therefore, we will no longer offer RP13P13 as a separate part number. With this change, customers no longer need to order the international adapter plugs (RP13P13) separately. *Please note, the new adapters included with all future power supplies are backwards compatible with prior versions.*

This discontinuation will go into effect immediately, however we will continue to offer replacement parts to customers who require them for their previous models for 90 days *or as supplies last*. We apologize for any inconveniences this may cause.

Please contact your Maxtec Sales Representative with any additional questions.

### DISCONTINUED ITEMS

- PLUGS, INTERNATIONAL POWER SUPPLY

**Part Number: RP13P13**

Kind Regards,

Maxtec Marketing
