Subject: Corona-virus - possible impact on deliveries ?  
To: Peter Staessens <[peter.staessens@arseus-medical.be](mailto:peter.staessens@arseus-medical.be)>

Dear Supplier,

As you know, the outbreak of the Corona virus (COVID-19) is intensively occupying people's minds and impacting many activities globally.

The demand for protection and hygiene products, such as mouth masks, glasses, gloves, disinfectants, etc. is rising exponentially.

At the same time, the production of a large number of products in China has come to a halt, which causes further market tightness.

We are thinking in particular of the problems caused by the lack of supply of products and raw materials from China.

Could you therefore inform us about the internal measures that your company has taken to continue to serve us as a customer?

Can you also inform us about the potential shortage that has arisen in the market of your products and the possible consequences that this may cause?

We look forward to your response and thank you for your cooperation.

Met vriendelijke groeten / Kind Regards / Meilleures Salutations,

**Peter Staessens***Purchaser*[peter.staessens@arseus-medical.be](mailto:peter.staessens@arseus-medical.be)
