**Betreff:** AW: New requirements

Hello Lokesh,  
I put our cooperation Partner Viamed on cc and they provide you with a Quote for O2 sensors.  
For the flow sensors our production site is fully loaded with internal and already prepaid orders.  
A little bit late and we cannot promise the quantities in a short period of time.  
Maybe some part shipments possible but let us check.  
With best regards  
Bernd
