Dear «UPOSITION»,

**AlcoTrue M Breathalyser provides rapid and accurate
determination of breath alcohol concentration**

The AlcoTrue M is a professional breathalyser for accurate determination of breath alcohol concentration which rivals its competitors and closely matches evidential devices.

The AlcoTrue M is designed for diagnostic use e.g. hospitals, rehabilitation clinics and other medical scenarios where alcohol may affect the behaviour of a patient.

The main benefits include:

- Fast warm-up time < 6 seconds; allowing for quick and easy diagnosis.
- Rapid, precise and reliable clinically accurate measurements even at sub-zero ambient conditions; can be used on-site or in the field.
- Easy to read display.
- This high spec product provides up to five measurement modes, ideal for any situation;
 - **Active mode** – To determine the precise alcohol level in the end-expiratory breath of the person to be tested after achieving a minimal breath volume from 1.2 L. It is ensured that only deep lung breath (alveolar breath) is analysed.
 - **Fast mode** – Intended for persons suffering from COPD, Asthma or reduced lung capacity, whom might not be able to provide the standard minimum sample volume.
 - **Passive mode*** - To obtain a precise measurement, the sample uptake must be triggered when the person is breathing out. The measurement mode is to determine the quantitative value of alcohol concentration.
 - **Scan mode*** – Qualitative testing of the ambient air alcohol content, qualitative determination of alcohol content in exhaled air of a person who is not able to provide a breath sample (e.g. unconscious person), qualitative test of “non-alcoholic” drinks for alcohol content.
 - **Mouth alcohol mode*** - Consists of two tests with a determined waiting period between first and second measurement.

* Measurement modes only available if activated.

- Also available with a portable printing system.

Please find enclosed further information regarding the AlcoTrue M. Should you wish to discuss this in further detail please do not hesitate to contact a member of our sales team by emailing alcotrue@viamed.co.uk.

Due to the COVID-19 pandemic, it has been deemed necessary to close our sales administration offices, I wanted to assure you that our sales team is working remotely and will respond to all email enquires as quickly as possible.

Yours sincerely

Catrin
