Low Cost

Finger Pulse Oximeters

Range of ultra-compact, lightweight pulse oximeters; adult and paediatric

- UK quality control by Viamed
- LCD, LED, OLED display variants
- Easy to use; 1-button operation
- Automatic power-off when finger removed
- Uses 2 x AAA 1.5V alkaline batteries

The low cost series of finger pulse oximeters can be used in a variety of applications, for use in GP surgeries, clinics and dental surgeries, through to spot-checking before, during and after exercise.

The range includes LCD, LED, and OLED display variants to suit a variety of situations, budgets and requirements. For full specification information please contact Viamed.

All Finger Pulse Oximeters in this range include: user manual, batteries and lanyard

Please note: Colours of covers and cases may vary
