

Annual B2B EEE Data Submission Form 2019

Please scan and email this form to alison.drurey@weeecare.com or fax to 0113 298 7989 within 14 days of year end to enable us to fulfil your reporting obligation to the Environment Agency. If you require any assistance please contact us on 0844 800 2004.

Company NameViamed Ltd..... Weecare Account Number191706.....

PLEASE NOTE IMPORTANT INFORMATION: - Dual Use Legislation is now in force

If a product is likely to be used for both household (B2C) and non-household (B2B) use it needs to be classified as B2C. If this applies to your product please contact the Weecare team on 0844 800 2004, do NOT complete this form.

- Important Information regarding the reporting of lighting equipment

- Non-household B2B luminaires incorporating an integrated (i.e. non-removable) LED light source should be reported in cat 5.
 - Non-household B2B luminaires incorporating a removable LED light source should be reported in cat 5.
 - Removable/replacement light sources (e.g. traditional gas discharge lamp or LED light source) should be reported in cat 13.
- Important:** Please note in line with dual use guidance the majority of cat 13 gas discharge lamps and LED light sources are capable of dual use and should be classified as B2C. Classify as B2C gas discharge lamps, LED light sources (lamps) and sodium lamps (includes retrofit and non-retrofit lamps). Classify as B2B floodlights for stadiums and lamps used in cinema projectors.
- Please ensure this form is completed in line with open scope guidance which came into effect 1 January 2019. This means some products formerly considered out of scope of the Regulations will now be in scope and need reporting in 2019 such as: household lighting equipment e.g. table lamps, garden lighting, decorative lighting to include those with fully integrated non-removable LED light source (cat 5 B2C). If you need our assistance in determining if any of your EEE products formerly out of scope are now in scope then please contact the WeeeCare team. In line with open scope if you now need to report B2C please contact WeeeCare.**

(A) Enter your B2B (your product is intended for use in a business or industrial situation) obligated EEE (electronic and electrical equipment) volumes placed on the UK market (excluding battery weights). Obligated EEE is EEE that you take WEEE responsibility for e.g. EEE that you manufacture and sell under your own brand, EEE that you re-brand under your own company name and EEE that you import.

(A) All volumes must be entered in Kg

(B) Self-managed WEEE kg

If you have managed any of your obligation during this quarter please arrange for your AATF to write evidence notes in favour of WeeeCare
