 Complete		189363	Steve Hardaker	03/07/20	Steve Nixon	Customer comment re oxygen hood use and COVID-19	
Added by Steve Hardaker sent to Steve Nixon INFORMATION ONLY ISSUE DO NOT ADD NOTES! Nothing we can do about this one but a comment from a lead children`s nurse re hood usage FYI -</p> <p>"As a heads up for you - you may find you start to get enquiries about the oxygen hoods from Children`s Hospitals etc for this winter as we are restricted on our use of high flow nasal cannula oxygen delivery to babies because of the aerosol generation and risk of Covid19. This method of oxygen delivery meant generally less use of the oxygen hoods but we will be reverting back for this winter at least."
