 I recommend this product

Excellent

Rating 5 stars

Last year I used another sensor brand and unfortunately after a short time (6 months) they started to give problems. I've never had any problems with Narked sensors and that's why I highly recommend them. A long-lived and reliable product, assisted by an excellent after-sales service.

 I recommend this product

Molex O2

Rating 5 stars

Even in this Covid-19 pandemy and Europe in dificult situation seller find the way to deliver package within a week, absolutely left me speachless. Rating sensors is 5*, no any issue Highly recomended !
