Certificate No.: MD78787

Acceptance of Corrections and Corrective Action Plan – Report No: 3000498

Dear Derek

Thank you for the corrective action plan.

I can confirm I have reviewed and accepted the correction, associated root cause analysis and the corrective action plan, and the actions and timescales specified appear to be appropriate for the nonconformities identified during the audit.

Verification of effectiveness of these actions will be performed at your next audit.

As a result of the visit and the accepted corrective action plan, I am able to make a recommendation for re certification.

Best regards

Hi Derek

Thank you for sending the CAPA plan, all reviewed and except CA 8, the rest are accepted. CA8 didn't see to include / address action to determine if change is significant and reportable to the regulatory / Notify bodies.

Please make sure your CA for this NC also address to process / procedure and how resolve this issue.

Best regards
