Hi Steve

Just had a flyer through the post about [TOF 3D Neuromuscular Transmission Monitor Nerve Stimulation \(viamed.co.uk\)](https://viamed.co.uk) and [Neuromuscular transmission Monitoring | The best choice \(mipm.com\)](https://mipm.com)

We may very soon need some of these, what are stock levels like?

Please can you advise pricing including replacement leads as listed on the link above?

Is it potentially available for a trial or demo I wonder, failing that do you have an e-copy of the user manual please?

We would also need PAQ and cleaning instructions with clear gama clinell universal wipe compatibility statement

Kind regards

Peter D. Lee C.Eng MIET MIPEM
