Hi Steve,

Ideally yes if we could do sale or return that would be great as although I am sure from the specs these devices are exactly what they are looking for you never know with the Anaesthetists 😊

Yes it is a budgetary thing why we need them before the 31st March and we would need all of them delivering or if you cannot meet that then please let me know what numbers you can supply and adjust the quote accordingly.

I will get the form completed ASAP and send it through.

Regards,

Hi Ian,

Good to hear from you. The quotation is being prepared today and I've asked the question regarding availability and lead-times, I will let you know when I get a response to that.

I assume that that 31st March date is a budgetary issue, if that is the case, would the order have to be delivered in its entirety before then, or are part shipments allowed by the Trust?

The end users should be aware that Viamed does not operate with field sales reps so is not able to come into the hospital to demonstrate the device or offer training, hence the offer of the Sale Or Return trial. The Trust has not yet trialled a device, would you need to go down that route prior to placing an order? If so, please can you complete and return the T&Cs form?

Thanks and I look forward to hearing from you.

Regards,

Hi Steve,

You must be psychic as it is on my things to do this week but haven't managed to get around to it.

Could I actually have a quote for 15 including the following as we have had some money allocated to us which needs spending before 31st March. Can I presume you could deliver before 31st March if we placed an order.

15x hand adapters 5750100

1x box of Thumb adapters 5750101 (box of 50) consumables

1x box eye adapters 5750102 (box50) consumable

Thanks,

Good morning Ian,

I'm just following up on your enquiry to trial a TOF 3D neuromuscular transmission monitor. Is this something that you are still looking to do?

If so, are you able to sign and return the Sale Or Return Terms & Conditions document so that we can get a unit out to you on loan to trial?

Thanks in advance and I look forward to hearing from you.
