MEMORANDUM

TO: Sales Dept., Distributors and Dive Shops
FROM: Analytical Industries Inc. Diving Department
SUBJECT: PSR-11-39-APD and PSR-11-39-MD “DIVING SENSOR”
DATE: JUNE 7, 2011

Starting today 06/07/2011 Analytical Industries Inc. will no longer manufacture the **PSR 11-39-APD** oxygen sensor for use in the Evolution and retrofitted Inspiration rebreathers manufactured by Ambient Pressure Diving.

The **PSR 11-39-MD** is used in the non-retrofitted Inspiration rebreather. We will be adding an insert inside the **PSR 11-39-MD** sensor box stating that “this sensor is not authorized for use in any Ambient Pressured Diving rebreathers”.

PSR 11-39-APD: Please inform any customers that request the APD sensors that it is no longer being manufactured by Analytical Industries Inc.

PSR 11-39-MD: Please inform any customers that request the MD sensor that it is not authorized for use in any Ambient Pressured Diving rebreather.

Thank you,

Mark Gregus
