

21 June 23
① all present

Discussed marketing manager
duplicate projects.
RS + SN.

Can put control of project to
someone else.

CH can't do it on his.

2 lists
* DL - user in control - needs
to be added

Teletype commented on Viamed
Webshop.

CH - Sale medical, nothing from
Automotive.

DL Said try VPN. try diff browser
get prices Auto monitor Euro.

Old Tom Thumb part queries -
SN happy as office learning.
air/OZ hoses. Consolidate where
coming from: tidy descriptions.
Therapy, inspirations etc.

need to all by from one supplier
- DL - supersede all rest, use one

② SN really need everything to barcode all little parts.

HL need specifics for parts.

DL or different problem.

SN webshop. finger oximeter didn't want on shop straight away.

new price but all 6 price lists web + ebay left alone.

UK ones have to build in carriage cost. assume UPS. £3.50 rock bottom cost surcharge residential increase cost.

Not always margin is far finger probes and other cheap ones.

UPS - 3.50 10kg, 4.50 25kg

SN doesn't know fees charges ebay + web shop. Cannot do as same as others don't do on their own.

pulse ox cases + silicone covers.

HL said Royal mail is awful so takes too much time.

RS problem UPS import

③ SN 2 extra with rdes.
Pulse ox

Zordan ones to get rid of.

Some viable so need to
get rid of

CH A3 still on hold.

SN Zordan can go on ebay
only 2810053 + 2810055

HL free silicone cover + pouch

SN everything except Zordan
sell NHS.

different mechanisms - Normal,
web, ebay

- mechanism for web shop
small valves.

CH to investigate if FOC carriage
+ changeable what happens to
carriage.

DL need webshop price list

CH 11.9% fixed xp ebay charges.

④ CH contributes more to
wednesday meetings than
any of them..

DL price list to be thought
about.

CH
£8 Carriage minimum

SN agreed VPS £8 carriage
VPS on webshops, for small
items. CH to add to shopify

CH Exhibitions

RS SN to look at stand

SN 3 pedestals, leaflet stands.
price list

CH to download and send
to SN and RS to
print and send to people

CH letters with SN to sign off.

SN uh hosp ordering vet
microshim.

DL tof 3D letter - 12 months old

HL other people need to do more

⑤ RS - chased Portugal + France dd distributors.

will keep trying.

- problem with Export order.
Sensor to - IHL agreed
to pay fee.
inputted insurance incorrectly.
IHL at fault.

SN lead free samples on way to us

SH prosd forward orders.

100	5223's	Oct	Nov	Dec
100	R22A's	"	"	"

can we have estimated
as soon as possible.

SN asked Cathy to allocate to
orders.

SH do we move people over to
ours.

RS capability is down

SN automatic testing machine
was down.
test one at a time not so

⑥

SH tried to move customers over.

SN also issues with Enutec.
cant keep up.
Staff issues.

having weekly meeting with enutec.

VST stopped so Varned
can still get.

DL wondering if I can sit in
on the meeting.

SN they have implied we can
push them as key customer.

SH spent quite a bit of time
with Boston garage
discussing shelf life and
what to do with sensors.
asked lots of the right questions.

friendly rivalry between prosol
+ Boston.

SN will know tomorrow more
about lead time.

⑦ TOF Nine wells still on with.

Ramsey - for 3 TOF

John Radcliff chased but definitely delivered.
had POB's.

Crosshouse - maxblend 2 want 120 L/m asking them to check.

Lumber park nets. S or R.

my sign failure
we don't QA them.

Is SH ok to do training.
died it. but made SH aware of ISO in October.

It mentioned PC not as able to do things physically getting worse.

SH maxtec monitors training up to date.

DL adds to social interactions.

⑧ DL read delay on
required reading.

SH windows update issues.

SN boards PC Smart set
PCB coming soon

2 versions + 2 part numbers.

left lots of gaps. shout
if need any other info.
