Hi Steve,

Will you be able to help calibrate AX300?

External Email

Good Morning Derek,

Wondering if you could help me out, we have a client looking for support on a AX300.

We offered to carry out a 20.9% calibration on this unit, but client would like up to 100% Oxygen.

Could you advise who is best to talk to in Teledyne for support with this, possibly finding a centre within the UK that can offer this service?

Best Regards,

Kerri Taylor**Operations Coordinator**
