

all present short meeting
20 Sept 23

CH

240901 issue feed back issue
to check.

Copy paste not re filled.

SN clearing up CG RC CH
please get involved

Exhibition stuff ebay website
MG/PC need to tidy up.
away for 2 weeks then a
reboot.

Oz sensor new ones Macel
luck Start Emtec.

teledyne

See Cih-tec

What do we promote first, Inbasterb.
feedback forms + forecasts to
suppliers. So we need to be doing
them. All parts of supply chain
need forecast.

We set up for it we look good.

time for maxtec website - IV pole
no go unless we can make
hear. can report to them why.
do blenders etc renew everything
lets see what we can sell.
is it suitable for us and NHS.

New products + projects new
grants.

go through old stock ditch old.
Use what we got be aware what
we good at. Maxtec for driving
forwards. Esmtec best developer
partner. Bluepoint bagged down.

SW will speak to Analytical if go
no go. Shake off some of baggage
go top 20% products people
companies

SN lead free sensor Landagraph
Sensors. 6 samples 2 for each
company.

Honeywell say not viable.

RS Maget spoke to Peter no
rush to get testing. RS told him
urgent.

SN needs a no go/go and pricing.
Jessica happy with reports.

SN Some delays in VST sensors
+ Consumable Sensor named
109's

Lots of Eyemax in stock.
changes to air shipping packaging
for bulk Eyemax boxes.
archived bags lined.

SN raised with Maxtec waiting
on Complaints Ref from them.
Need C G to write a procedure.

Maxtec sliders order.

20 entec mysigns in and ready to go.

RS

02 ME for handograph need a couple but some named Quicks. SN to check if van can have them.

SN. 500 wrong type Sensors RZZAV's but we need them.

RS RZZAVG for orders.

Certification Letter SN Chasing Z160 Stock

SN got programming Query will chase next ones for Confessiss.

cheap \$4 oximeters sat in Amazon Warehouse cheapest so far.

SN we don't want them

Mike at Thames med has
done a book. ran an Author

RS new sensor box
no plastic 8p a box for
a pallet for Vondagraph.
Vamed 120p per box
16.7p each for 150.

SN not all our sensor go out
in a box.

to renew maybe next year
to look at not so much
plastic.

CH Sdd wet pulse ox
description says Adult. su oh.
passed on paperwork from
yesterday meeting.
we're nigel shipping medica.

SH Philips recall
causing Hosp wanting to
check secondary test.

Philips vents. Milton Keynes Hosp.
spot monitoring.

max o2 AE pole clamp
so can be used to test
also looking at universal clamps
SN probs getting them at present.

RS Mysign set up videograph
as supplier. RS pmt to
named Royal Brompton

SH

Greenwich 2160 trial

SN need instructions. Working on it.

SH potentially want get reading
but still picks up light reading.

SH

TOF 3D order Limbry Park/crs
paying.

Good time hitting vets.
Lets us do not through Thames.
SH talking to CVS vets.
SN possibly advertise in vet
mags if Thames aren't doing
we can. Mike not doing it.

RS not show 16/17 Nov ?

DL old issue from 2015
feedback, 6/2017 6/968

SH still live from 2015

DL what are we trying to
produce.

SH what do we do with it
take off wall / clean etc.

not a supplier manual.

need a procedure.

MOB is meeting -

Don't want a re circite

of supplier manual.

SN Don't have to write new
can refer to manufacturers
manual.

Ncfcr. got manuals on
on site. We check warning
element works.

so either don't touch or do
basic functional test.

MG to do currently lasting
his time so need a lot less.
need QA procedure.

Don't need service procedure.

MG getting floated as talks
about taking off stand.

SN as of new operators manual
+ service manual.

only needs to cover what
we do.

must Cap refer to service
manual.

things we do needs to
be is unique to us.

Dont quote Standards.
No pictures.

retire Cap 53.06 as don't
need.
