## Internal Audit Check list

### GOODS INWARDS & PRODUCT IDENTITY

Created:	17/May 1995	<b>Audit No 09</b>	VM3/COP05/06 VOP07
Revised:	28 March 2024		Page 1 of 14
Audit Date	28-3-24	Auditor <i>Heles Lamb</i>	

Company / ISO Section	Criteria of ISO Section	Auditor Comments / Issues
VST Ltd ISO9001:2015 8.5.1	<b>Control of production and service provision</b> The organization shall implement production and service provision under controlled conditions. Controlled conditions shall include, as applicable: a) the availability of documented information that defines: 1) the characteristics of the products to be produced, the services to be provided, or the activities to be performed; 2) the results to be achieved; b) the availability and use of suitable monitoring and measuring resources; c) the implementation of monitoring and measurement activities at appropriate stages to verify that criteria for control of processes or outputs, and acceptance criteria for products and services, have been met; d) the use of suitable infrastructure and environment for the operation of processes; e) the appointment of competent persons, including any required qualification; f) the validation, and periodic revalidation, of the ability to achieve planned results of the processes for production and service provision, where the resulting output cannot be verified by subsequent monitoring or measurement; g) the implementation of actions to prevent human error; h) the implementation of release, delivery and post-delivery activities	
VST Ltd ISO9001:2015 8.5.2	<b>Identification and traceability</b> The organization shall use suitable means to identify outputs when it is necessary to ensure the conformity of products and services. The organization shall identify the status of outputs with respect to monitoring and measurement requirements throughout production and service provision. The organization shall control the unique identification of the outputs when traceability is a requirement, and shall retain the documented information necessary to enable traceability.	
VST Ltd	<b>Property belonging to customers or external providers</b>	

## Internal Audit Check list

Audit Date		Auditor	

ISO9001:2015 8.5.3	<p>The organization shall exercise care with property belonging to customers or external providers while it is under the organization's control or being used by the organization. The organization shall identify, verify, protect and safeguard customers' or external providers' property provided for use or incorporation into the products and services.</p> <p>When the property of a customer or external provider is lost, damaged or otherwise found to be unsuitable for use, the organization shall report this to the customer or external provider and retain documented information on what has occurred.</p> <p>NOTE A customer's or external provider's property can include materials, components, tools and equipment, premises, intellectual property and personal data.</p>	
VST Ltd ISO9001:2015 8.5.4	<p><b>Preservation</b></p> <p>The organization shall preserve the outputs during production and service provision, to the extent necessary to ensure conformity to requirements.</p> <p>NOTE Preservation can include identification, handling, contamination control, packaging, storage, transmission or transportation, and protection.</p>	
VST Ltd ISO9001:2015 8.6	<p><b>Release of products and services</b></p> <p>The organization shall implement planned arrangements, at appropriate stages, to verify that the product and service requirements have been met.</p> <p>The release of products and services to the customer shall not proceed until the planned arrangements have been satisfactorily completed, unless otherwise approved by a relevant authority and, as applicable, by the customer.</p> <p>The organization shall retain documented information on the release of products and services. The documented information shall include:</p> <ul style="list-style-type: none"> <li>a) evidence of conformity with the acceptance criteria;</li> <li>b) traceability to the person(s) authorizing the release</li> </ul>	
VST Ltd ISO9001:2015 8.7.1	<p>The organization shall ensure that outputs that do not conform to their requirements are identified and controlled to prevent their unintended use or delivery.</p> <p>The organization shall take appropriate action based on the nature of the nonconformity and its effect on the conformity of products and services. This shall also apply to nonconforming products and services detected after delivery of products, during or after the provision of services.</p> <p>The organization shall deal with nonconforming outputs in one or more of the following ways:</p>
