Generating Quote

When you have **received the completed Terms and Conditions** from the customer and once you have **confirmation from Goods Out that the items have been scanned**, you need to add them to the SOR record and create a quote.

Confirmation from Goods Out will come in the form of an issue, in reply to the issue sent to Goods Out.

Take note of the ID number(s) provided for the product(s) scanned.

17. In Intrastats, follow the quote procedure VM3COP27.31 to create a quote for the item(s) requested, ensuring any quotes for over £/\$/€10,000 are signed off by a director.

Use the SOR number as the 'Customer Reference' unless an order number for the quote has been received.

In the notes section state 'Goods already supplied on SOR***'

Next, the serial numbers need to be typed in the memo for each item sent.

18. Click in the memo box next to the product number/description.

Stock Reference	Description
2810011	MD300-C2 Finger Pulse Oximeter. Memo:

19. Type the serial number(s) in the format 'S/N: ???'.
There may be additional notes here, if so, add the serial number beneath them.

20. Once all details have been entered, click 'Print QVM***** checking document' and check details are aligned and correct.

21. Once all completed, go back to the main processing back and click 'Submit QVM***** for checking'

22. Add message to the 'Office Order Checking' Skype group or 'Viamed Employees' (if you are not included in the main checking group) and ask for your quote to be checked.

Writing Sale or Return Letter

23. Open the Sale or Return letter from the top of the sale or return screen, amend all the details as indicated in the example below, to include the product description, part numbers, SOR number and serial number.

SOR Procedures	
Doc Id	Document
29959	VM3COP20.13 Sending SOR Sale or Return Items to Customers

When complete, read through the letter and ensure the grammar is correct, i.e. if there is more than one item, the words, 'This product is' may need to be changed to, 'These products are' and remove the word, 'Trust' if not for the NHS.

Dear Mr Nielsen,

Re: (Product Description) Sale or Return, ref SOR???

Further to our recent discussions (Customer Name) please find enclosed a (Product Description), for the purpose of a trial.

- Part Number ?????? (Product Description) S/N ?

This product is brand new and unused, so if after evaluation the end user wishes to purchase it, it can just raise an official order and keep the instrument, otherwise we will require it returning in its original packaging.

I have allocated a standard trial period of 4 weeks, and have included a Delivery Note to cover the indemnity for that period. I shall contact you in due course for any feedback and decision as to whether the Trust wishes to purchase it.

Should you have any queries, or wish to discuss the instrument in further detail, please do not hesitate to contact me.

Yours sincerely

24. When complete, print the letter to PDF and save on your designated folder, created in step 2 in documents, with the following format:

Sale or Return - *customer name* - SOR*** - *date backwards*
e.g. 'Sale or Return – GM Medical – SOR729 – 160622'

SOR Purchase

If the customer chooses to purchase the SOR items, they will need to provide you with an official purchase order; if they have only provided an email agreement to purchase, please request an order number and an official purchase order.

50. Once received, locate the quotation on the 'Outstanding Customer Orders' page.

51. Click on the  button against the correct quote line.

52. Click 'Convert to Order button' 

Check the delivery address against the PO; it is not always known at the point of quotation but this must match the PO.

53. Amend the 'Customer Reference' box to the purchase order number and change the 'Due' date to the next available shipping day.

54. A note should have been added at the quote stage, in the 'Notes' section 'Goods already supplied on SOR***'. Ensure it is still there, if not, add this note.

55. Once checked information against the purchase order, click 'Submit CVM***** for checking'

Note: If the customer chooses to add any additional items to the order, add notes to the order stating which items need shipping and which only need to be invoiced. Skype or Call Goods out to confirm notes have been added.

E.g. '1 x 0012160 and 1 x 0014750 already supplied on SOR***, please ship other items'.

SOR Return

56. If the customer chooses to return the SOR items, issue the customer with a returns reference number (SRS) as per VM3COP20.03 Repair Intrastats Procedure. When the item is received by Goods In, you will receive an issue.

57. When this issue is received, print to PDF. Locate the quote on the outstanding customer orders page.

Open the order for editing

Then click 'DELETE Order *****'

Reason for Deletion:

Write a note to say that the customer did not want to purchase the goods and has returned them on SRS*****.
